Registration desk

The registration desk will be open from Tuesday, Sept. 22, 11:00. Because of another academic event*

... the registration desk will be located on Tuesday in the lunch area (Mensa, building number 30, see map 11). A flag and STIRAP-helpers will guide you.

As of Tuesday afternoon (around 16:00) the registration desk is located in the foyer of building number 42, in the poster area, in the vicinity of the lecture hall (Nr. 110).

Coffee break area

is the foyer of building number 42 (poster area), in the vicinity of the lecture hall.

Poster Sessions

are also held in the foyer of building number 42 (poster area), in the vicinity of the lecture hall.

***It happens that the department of physics hosts another important academic event on Tuesday: The evaluation of the “collaborative research grant” (on spin physics) by reviewers assigned by the German Science Foundation. For that event the STIRAP lecture hall is also needed. That lecture hall will be available to us in time for the opening of the symposium at 14:00.**

The poster session for the evaluation will take place in the foyer of building number 42 between 13:00 and 16:00. The poster boards will be available for us shortly after 16:00, during the first coffee break of our symposium.
